ASX ANNOUNCEMENT

Completion of Share Placement

Argentina Mining Limited (**Company**) (**ASX: AVK**) is pleased to advise that further to the announcement on 17 April 2014 regarding a capital raising comprised of a placement and non-renounceable rights issue, the Company has now completed the placement by the issue of 16,050,000 ordinary fully paid shares at a price of 1 cent each to raise \$160,500 before costs. An Appendix 3B which relates to the allotment of these shares has been released to the ASX today.

The Company issued the shares under the placement utilising its Listing Rule 7.1A 10% capacity. In accordance with the requirements of ASX Listing Rule 3.10.5A the following information is provided:

- The dilution to existing shareholders, as a result of the issue of shares under the placement is 7.8%.

Further details of the approximate percentage of the issued capital post the placement held by the pre-placement security holders and new security holders are as follows:

Pre-placement security holders who did not participate in the placement	92%
Pre-placement security holders who did participate in the placement	6%
Participants in the placement who were not previously security holders	2%

- The placement shares were issued to sophisticated and professional investors as a placement under Listing Rule 7.1A as the Board considered that a placement followed by a pro-rata offer to all existing shareholders was the most efficient mechanism for raising funds required at this time;
- There were no underwriting arrangements in place for the placement; and
- There were no fees payable for the placement.

Yours faithfully

ARGENTINA MINING LIMITED

Company Secretary
